

# Training on Bee Keeping & SODIS for Rural Areas of Eastern Highlands & Southern

27th August 2014 (Day Three)

## TRAINING PROGRAM & CO-ORDINATORS EVALUATION

### Module Three |

Bee calendar & Solar Water Disinfectant System (SODIS).

### Timing |

10 hours (All day of the 27/08/2014 and the night of the 27/08/2014).

The focus of this module is to make known to the trainees the bee calendar & also to introduce trainees to the method of correctly using SODIS. The areas that we were mainly focusing on were:

- How to interpret the bee calendar
- How to get clean water using SODIS

After the training each participants were asked to develop a 3- 4 minutes talk and present it to the rest of the participants and the facilitators on what they have learned.

### Evaluation/

Fig 1: Mr Kelly Inae, the trainer, elaborating more on the bee calendar to the trainees.

This module requires the trainees to correctly interpret the bee calendar so that they can be able to harvest good and quality honey in large quantity & as well as using the right methods of obtaining bacteria free & clean water using the SODIS.

Once again the presentation was very well put together with diagrams clearly drawn & shown on the white board. As for the SODIS training, the trainer (Sr. Josephine Andreas),

went through in class with the practical session and also a movie was shown.

Fig 2: Mr Inae talking to the trainees

Fig 4: Sr. Josephine Andreas (SODIS trainer), showing how to filter water using a white material into a bucket.

Fig 4: Participants watching the SODIS movie in class.

### Recommendations |

Consult your nearest airport/ weather station to get the updated weather reports for your bee calendar and use SODIS on a clear fine sunny day. Or subscribe to Digicel weather to get daily weather updates on your Digicel mobile phone.

### Participants Overall Score |

1. Enthusiasm for the task at hand .....	100%
2. Use of resources .....	100%
3. Practical demonstrations.....	100%
4. General presentation.....	95%
5. Power point presentation.....	95%
6. Involvement of all trainees .....	90%
7. Involvement of audience.....	90%
8. Communication skills .....	95%
