Several participants were also interviewed by ATprojects Information officer, Joshua Arlo, to help with a bee keeping/farming newsletter as a means to monitor and evaluate how effective this training will be to participants.

A small presentation of certificates marked a successful week of the bee keeping and SODIS training participants had undergone.

Training facilitators such as bee trainer Mr. Kelly Inae and SODIS trainer, Sr. Josephine Andreas received Certificates of Appreciation for their valuable contribution to training the participants.

To witness this small presentation, senior ATprojects staff on behalf of their Co-Directors Steve and Miriam Layton were on hand to make it a more festive occasion for the participants.
